Product Change Notification

Date Issued :	November 02, 2026	**PCN Number :**	518979
Reason for Change :	Change to Product		
Description of Change :	The purpose of this change is to replace the current standard screws, P/N 2211750418 and 2211750358, with screws featuring a pre-applied Nylon Patch, P/N 2211750523 and 2211750471, respectively. The Nylon Patch provides an additional locking feature that helps maintain screw retention during product operation. This change is expected to improve fastener reliability by reducing the risk of screw loosening due to movement, vibration, or handling during the product lifecycle. No functional, dimensional, or assembly process changes are anticipated beyond the replacement of the affected part numbers. The change is being implemented to enhance assembly robustness and long-term mechanical stability. The addition of a Nylon Patch increases resistance to vibration-induced loosening, helping ensure secure fastening and improving overall product reliability.		
Reason for Short Notice :	Custom Products		
Assessment of Change :	Reliability Test Report/s		
Planned Implementation Date :	March 12, 2027
