## Product(s) Declaration of Compliance

### EU - REACH SVHC

Times Microwave Systems (TMS) is committed to EU REACH compliance and endeavors to minimize the use of SVHC's in our products. This document certifies that the components of the part number(s) stated below that are manufactured by Times Microwave Systems (TMS) are compliant with the European Union (EU) regulation called REACH (R)egistration, (E)valuation, (A)uthorization and Restriction of (Ch)emicals that entered into force on June 1st, 2007. The stated components are deemed as compliant according to definitions given in the following directives and the 224 SVHC's present on the Candidate List as of January 17<sup>th</sup>, 2023.

### EU - REACH SVHC Candidate List

Item Description	REACH SVHC CAS No. & Substance Name	Component SVHC (w/w%) Concentration	Compliance Status
TC-400-BM-X (TMS Ref 3190-6232)	7439-92-1; Lead	0.7-3.7%	Compliant. SVHC reported.

### EU - REACH Annex XIV - Authorization List

Item Description	REACH SVHC CAS No. & Substance Name	Component SVHC (w/w%) Concentration	Compliance Status
TC-400-BM-X (TMS Ref 3190-6232)	N/A	N/A	Compliant.

### EU - REACH Annex XVII Compliance - Restricted List

Item Description	REACH SVHC CAS No. & Substance Name	Component SVHC (w/w%) Concentration	Compliance Status
TC-400-BM-X (TMS Ref 3190-6232)	N/A	N/A	Compliant. CAS 7439-92-1 restriction not within product scope.

Please note that TMS does not independently conduct analytical testing for EU REACH, RoHS, TSCA compliance, etc. The information stated in this document is based upon data received from our supply chain which is believed to be reliable and accurate. As defined by EU REACH Regulation, estimated usage of any one substance per article(s) produced is to not equal a ton of the substance/year per article. As TMS is a supplier of articles only, TMS has no requirement to register.

Any further additional inquiries regarding Product Compliance should be directed to your Customer Account Representative or to [salesinquiry@timesmicro.com](mailto:salesinquiry@timesmicro.com)

### EU RoHS Compliance:

Times Microwave Systems (TMS) is committed to being fully RoHS compliant for all our products. Per review of the materials and processes utilized in the manufacturing of the part number(s) listed below, Times Microwave Systems (TMS) hereby acknowledges the referenced part(s) meet compliance to Directive 2002/95/EC RoHS Directive and its most recent amendments 2011/65/EC and 2015/683/EU. If a part number is compliant by claiming an existing and applicable exemption, it is to be stated below. The Technical Files required for this directive are maintained at Times Microwave Systems, 358 Hall Avenue, Wallingford, CT, 06492 USA. Any exemptions to the RoHS Directive are listed.

Item Description	RoHS Compliance	RoHS Exemption
TC-400-BM-X (TMS Ref 3190-6232)	Compliant w/ Exemption	6c

### California Proposition 65 Declaration

**WARNING:** These products listed below can expose you to chemicals including, as indicated in the table below, which are known to the State of California to cause cancer. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Part Number	Chemical	CAS#	Type of Toxicity
TC-400-BM-X (TMS Ref 3190-6232)	Lead	7439-92-1	Cancer, developmental

### Toxic Substances Control Act (TSCA) Section 6(h) Compliance

Times Microwave Systems (TMS) is committed to manufacturing products that do not contain any Persistent, Bioaccumulative, and Toxic (PBT) Chemicals under Toxic Substances Control Act (TSCA) Section 6(h). This statement hereby certifies that all products manufactured by Time Microwave Systems and listed above are free of the five listed substances:

Description	CAS. No.
2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)	732-26-3
Decabromodiphenyl ether (DecaBDE)	1163-19-5
Phenol, isopropylated phosphate (3:1) (PIP (3:1))	68937-41-7
Pentachlorothiophenol (PCTP)	133-49-3
Hexachlorobutadiene (HCBd)	87-68-3

Please note that TMS does not independently conduct analytical testing for EU REACH, RoHS, TSCA compliance, etc. The information stated in this document is based upon data received from our supply chain which is believed to be reliable and accurate. As defined by EU REACH Regulation, estimated usage of any one substance per article(s) produced is to not equal a ton of the substance/year per article. As TMS is a supplier of articles only, TMS has no requirement to register.

### **General Asbestos Statement**

It is hereby certified that all Times Microwave (TMS) products are manufactured without the use of Asbestos in any amount, form, or process. Furthermore, TMS complies with all US federal and state requirements regarding safety standards

### **Statement on Ozone Depleting Substances (ODS)**

Times Microwave Systems (TMS) conforms to requirements for Class I and Class II ozone-depleting substances as defined in Title 40 Code of Federal Regulations, Part 82 – Protection of Stratospheric Ozone. Ozone depleting substances are not used in the design, test, manufacture, integration, assembly handling, transportation, operations, maintenance, or disposal of the cable and connectors produced by Times Microwave Systems, Inc.

### **Mercury-Free Material**

It is hereby certified that the above product contains no functional mercury and is not contaminated by mercury or mercury compounds.

### **Responsible Minerals Initiative (RMI) and Responsible Mineral Sourcing**

As outlined in Amphenol's [Responsible Minerals Policy](#), Times Microwave Systems (TMS) alongside other Amphenol companies, work diligently to ensure the metals sourced from our supply chain partners are procured from upstream entities responsibly in regard to ethical labor and environmental, health and safety standards applicable to the jurisdiction(s) in which they operate.

Amphenol has conducted reasonable country or origin inquiry (RCOI) and due diligence (DD) for tin, tantalum, tungsten, and gold (3TG) since the inception of the United States Dodd-Frank regulation and has reported its efforts annually to the United States Security and Exchange Commission since 2014. Recently, and in the absence of a current regulatory requirements, we expanded the scope of our responsible minerals management program to include Cobalt and Mica.
