NEW PRODUCT

The Micro-Con-X® from Conxall® is the electronics industry's preferred compact harsh environment connector, offering up to 7 high performance contacts in a connector smaller than 1/2" in diameter. This new option comes preinstalled on a right angle PCB, facilitating easy installation for applications requiring a connector perpendicular to a board. Available in both bayonet and positive-locking Insta-Click® versions with male pins or female sockets.

SIMPLIFIES DESIGN

The built in right angle board and PCB header allow designers to easily connect to a PCB without costly wiring

IP68 SEAL RATING

The Insta-Click® version is sealed to IP68 when mated (the standard bayonet version is rated for IP67)

CONXALL QUALITY

Made in USA to the high standards that have made Conxall the leading name in harsh environment connectors.

SPECIFICATIONS

Connector: UV PBT, black
 Hex Nut: UV PBT, black
 Spacer: UV PBT, black
 Contacts: Gold plated copper alloy
