

CLEAN HOME. RELIABLE SOLUTIONS.

Laundry Room Product Solutions

CLEAN HOME, ONE LESS THING TO WORRY ABOUT

Bring convenience and safety to your laundry room with TE Connectivity's (TE) portfolio of connector, sensor and protective component solutions that deliver enhanced functionality, safety, and time saving options. With trends focusing on sustainability and safety, engineers need to design for protection and durability while meeting global safety standards. Life is messy - keep it clean with our robust portfolio of energy-efficient and space-saving technology.

TE PRODUCT VALUE

SEALING

Ingress protection (IP) rating for water, dust, and debris in harsh environments

RELIABILITY

High power and operating temperatures, locking mechanisms, and vibration resistance

MINIATURIZATION

Compact centerline and smaller construction size

SIMPLIFICATION

Insulation displacement (IDC) technology, ease of installation, and simplified assembly processes

SAFETY

Flame retardant material, ergonomic design, and insulation protection

LAUNDRY ROOM PRODUCT SOLUTIONS

TE Connectivity (TE) offers high-density connector systems and a broad range of connectors, sensors, and protective components to allow migration to smaller sizes as power requirements decrease. User interfaces and modes of operation are becoming more feature-rich within washers, dryers, and air purifiers. We offer the products you need to create a more efficient and reliable connected home. Think smart, worry less by discovering TE's unmatched portfolio of new and innovative product solutions.
