Subject : Conflict minerals - Amphenol Socapex statement.

Dear customer,

Amphenol Socapex is a manufacturer of connectors and interconnection solutions which may contain gold, tin, tantalum or tungsten.

Amphenol Socapex is aware of its obligations under section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act regarding Conflict Minerals sourced from the Democratic Republic of Congo and its adjoining countries. The Conflict Minerals legislation was adopted late July 2010 and enabling regulations promulgated on August 22, 2012, the first specialized disclosure report must be filled with the SEC no later than May 31, 2014. It will cover the calendar year of 2013.

To comply with this regulation Amphenol Socapex has implemented in January 2013 a Conflict Minerals program focusing on enquiries at all our suppliers (raw materials, components, sub-assemblies, connectors), and implementation of a corresponding Conflict Minerals data base.

To date, Amphenol Socapex can't declare all its products free of Conflict Minerals, as our program is in progress. We commit ourselves to answer your request as soon as possible.

Please feel free to contact me should you have further questions.
Best regards

Martine LADIETTE
