**Re: Russia Invasion of Ukraine – Force Majeure**

Dear Distributor:

You are of course already aware of the sudden, large invasion of Ukraine by Russia. Although the full impact cannot be accurately predicted at this time, Aptiv's ability to meet delivery schedules could be delayed, interrupted or made impracticable as a result of this force majeure event.

Please be assured Aptiv is proactively investigating its inventory levels and potential avenues, if any, to mitigate any impact this situation may have on our ability to meet delivery schedules and will continue to closely monitor the situation. We are also working to understand the potential impact on our supply base. We appreciate your understanding and cooperation. We will of course continue to share timely updates with the appropriate contacts within your company.

Should you have any questions or concerns, please do not hesitate to call me.

Sincerely,

Lisa Israel
