## Ukraine / Russia Update

Dear valued Customer,

ams OSRAM has observed the situation between the Ukraine and Russia on an ongoing basis for the past weeks. We have taken preemptive actions regarding our supply chain, which started a while back and are ongoing. We are working on various immediate- and long-term actions including extra inventory, hedging, alternative suppliers and materials, shipping routes to avoid disruption, and all possible options to mitigate our risks. As the situation remains dynamic, circumstances may change due to factors beyond our control.

Therefore, we will continuously evaluate the situation and will alert customers if we see any issues.

Yours Sincerely,

Pierre Labois  
Executive Vice President
