

Circuit Board Indicators (CBI®)

- Right angle, vertical, and horizontal arrays
- Single, bi, tri, and quad level arrays (2mm, 3mm, 4mm and 5mm)
- Single and bicolor options
- Over 2500 variations with custom LED placement options and lead trim lengths available
- Ideal for direct view or backlighting applications
- Through Hole LED Technology

LED Size	Series
2mm (0.078")	555, 570, and 571
3mm (0.118")	551, 553, 564, 568, and 569
4mm (0.157")	550, 552, 566, 567, and 568
5mm (0.197")	550, 552, and 561

Prism® Surface Mount Right Angle CBI®

- Single, bi, and tri color options
- Single, bi, and tri level arrays
- Compatible with automatic pick-and-place equipment for reduced installation costs
- RoHs Compliant
- Reflow ready at 260°C max
- Available with 2mA low current LEDs
- Eliminates wave soldering process
- Black, low profile PPA housing enhances the contrast ratio for better clarity
- Surface Mount LED Technology

Lens Size	Series
.112" (2.84mm) dia. / .112" (2.84mm) square	591
.09" (2.28mm) dia.	592
.112" (2.84mm) dia.	593
0.078" (2mm) dia.	595
