**INDUSTRIAL  
CONNECTION  
SOLUTIONS**

Sealed, FCT®, Brad®, Temp-Flex®,  
and GWconnect® Industrial Connectors

# AGENT NOTCH & TTI

TTI Specialists and the Agents of MOLEX have an arsenal of products ready to overcome the toughest industrial connection applications. Here are but a few examples of the thousands available.

ML-XT™  
Connection System

## SEALED

Sealed interconnect solutions to meet your most demanding applications.

Molex sealed connectors are an ideal solution for heavy-duty and harsh environments, and offer ruggedized connections rated to IP67 and IP68.

- Plugs
- Sockets
- Cable Assemblies
- Terminals
- Keypads and Control Panels
- Value Add Solutions

MOOP120™  
Sealed Connector  
System

MX150L™ Industrial Sealed  
Connector System

GWconnect® Hood Side  
Entry and Bulkhead  
Mounting Housing

## GWCONNECT®

### Complete Heavy-Duty Connector Product Portfolio

With 6000 complementary products, TTI carries the full line of GWconnect® Heavy-Duty Connectors. Customizable to fit virtually any application or environment.

- Inserts
- Die-Cast Hoods and Housings
- Crimp Contacts
- Cable Glands, Fitting and Accessories
- Tools

GWconnect® Hood Side Entry

## TEMP-FLEX®

Specialty wire and cable designed for extreme conditions and harsh environments.

Temp-Flex® wire and cable products are designed for a wide range of specialty markets – from medical, aerospace and defense, telecom and data networking. RoHS compliant Temp-Flex® cabling and wire provide dependable solutions.

Temp-Flex® FEP Flat-Ribbon Cable

- Micro Miniature MediSpec™ Cables
- Coaxial Cable
- Bundled Wire Solutions
- Flat Ribbon Cable

Temp-Flex® Flexible Microwave Cable Assemblies

## FCT

Complete line of industrial D-Sub Connectors

Versatility is the hallmark of the FCT line of D-Sub connectors, hoods, contacts, and tools. If that isn't good enough, standard FCT products can be customized to fit your application.

FCT Mixed Layout Waterproof

FCT FMD1 Series Hood

- Signal, Power and Mixed Layouts
- Filtered, Waterproof and Low Profile Options
- Hoods and Accessories
- Coaxial Contacts
- High Power and High Voltage Contacts
- Tooling

Brad® MX-PTL™ M12 Cordsets

## BRAD®

Full range of system solutions for industrial automation.

BRAD® systems simplify design, installation and maintenance for industrial communications.

- Industrial Ethernet Solutions
- M8/M12 Cordsets
- DIN Valve Connectors
- Field Bus Solutions
- Harsh I/O Modules

Brad® Micro-Change® Circular Hybrid Technology

# molex®

## 1.800.CALL.TTI

Is your hotline to the full line of Molex connectors for everything from signal and power, to heavy duty and high voltage applications. TTI Specialists can offer guidance in identifying the right Molex components for your application.

## TTI, Inc. – The Specialist in Electronic Component Distribution

Founded in 1971, TTI has become the world's leading interconnect, passive, electromechanical (IP&E) and discrete component distributor through product specialization, customer-driven service, and proprietary supply chain solutions.

TTI product Specialists offer extensive component knowledge to support manufacturers from design and engineering through production. The company's broader and deeper inventories of more than 500,000 part numbers in North America, and over 850,000 globally, provide more interconnect, passive, electromechanical and discrete availability than any other source. And all global warehouse locations are ISO registered.

TTI's proprietary Advanced Inventory Management (AIM) supply chain solution is specifically designed for managing IP&E products and partnerships with premier manufacturers. With AIM, TTI provides the Bill of Materials coverage necessary to reduce the total cost of ownership and mitigate line down risk.

Year after year, customers rate our inventory availability, on-time delivery and accuracy among the very best in the industry – call 1.800.CALL.TTI or visit us at [www.ttiinc.com](http://www.ttiinc.com) and discover why.
