

MLCC for LED Lighting

Our MLCC

- Small, Thin, Large Cap.
- Long life, High Temp, Reliable
- Enhanced Bending strength

LED lighting

- Slim & Thin
- Long Life
- High Reliability

Chip Type

NTS series → **NTF** series

Enhanced Thermal Shock & Bending Strength

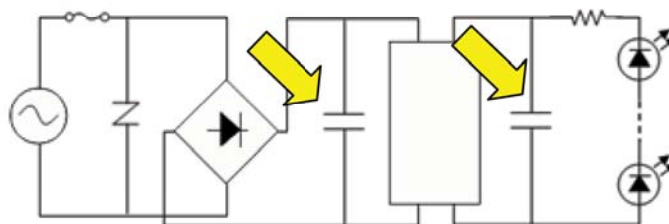

Metal Cap Type

→ **NTJ** series

*Large Capacitance
Good for Metal PCB*

Application

Best for LED lighting's smoothing circuit, noise absorption, LED protection thanks to large capacitance.

※Any question/inquiry is always welcome.
