Issue Number: 1075

Subject: Relocation of Strain Reliefs only for 3M™ 451 Series Socket Assembly

Effective immediately, 3M will be relocating manufacturing operations for Strain Reliefs only for 3M™ 451 Series Socket Assembly from China to Vietnam. This will allow us to streamline our operations to better serve our customers globally.

We do not anticipate this will cause any delays going forward.

Due to the change of COO we will have an updated sku, please see Appendix A for complete list.

Thank you for your support of 3M.

Brent Gossett
Portfolio Marketing Manager for Global Interconnect
