**PROJECT LAUNCHING
INFORMATION**

*This communication is send for your information.
Following APTIV assembly manual, this change has no impact on process in your plants.*

Previsional PPAP deadline : **W34/2026**

Previsional application deadline : **W37/2026**

This change will be validated by OEM and/or pilots harness maker appointed, following PPAP level requested by OEM.

In case of question on PPAP file or initial samples, please contact : raquel.burguete@aptiv.com

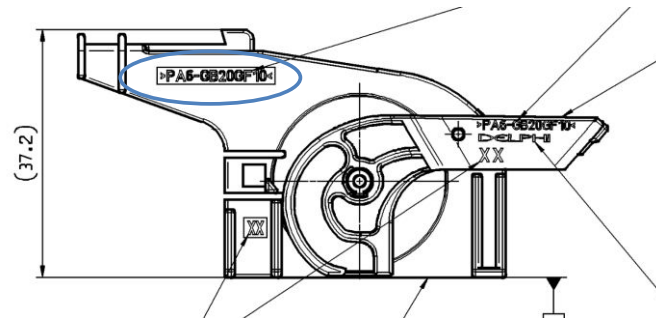

Samples for testing or other questions, please contact : jon.sesma@aptiv.com

Before delivery of first parts, you will receive a new communication confirming application deadline, and how these first parts will be identified.

File	Just after implementation we will provide if requested following elements :			
	Parts			
	Harness maker file / PPAP level 3			
	Customer drawing /	Is the drawing modified following to this modification ?	☒ Yes	☐ No
	Assembly manual /	Is the assembly manual modified following to this modification ?	☒ Yes	☐ No

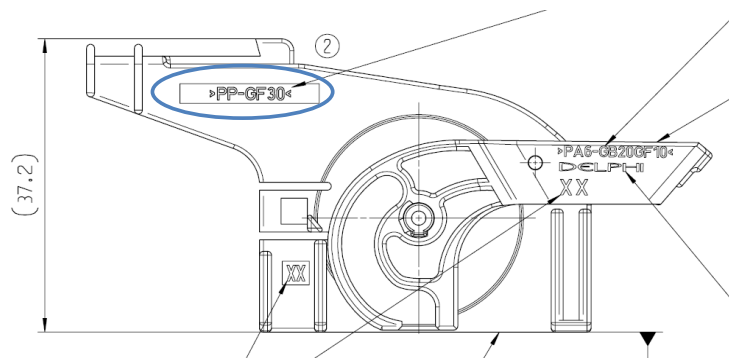

Object: APTIV external communication about Product and/or Process evolution

Current design

60W MTS Female Connector in PA6

Changed design

60W MTS Female Connector in PP GF30

Customer Communication N°: 25004
Date : 28-Jul-26

sheet 1/1

Object: APTIV external communication about Product and/or Process evolution

Change start of production

The PPAP file for this change has been presented to OEM and/or pilots harness maker appointed, following PPAP level requested by OEM.

Without any particular request from them, first delivery are planned from

:

In case of question on PPAP file or initial samples please contact :

raquel.burguete@aptiv.com

For other questions, please contact the project leader :

jon.sesma@aptiv.com

First delivery identification:

File	Just after implementation we will provide upon request following elements :		
	☐		
	☐	Parts	
		PPAP level 3 with included documents :	
		Customer drawing /	Is the drawing modified following to this modification ?
		Assembly manual /	Is the assembly manual modified following to this modification ?
			☒ Yes
			☒ Yes
			☐ No
			☐ No
