

# PRODUCT CHANGE NOTIFICATION

## MAGNETICS

## Bourns® Model SM91502ALA BMS Transformer

### *Addition of Manufacturing Site*

Riverside, California – March 27, 2026 – In order to support our fast-growing demand and enhance continuity of supply, effective June 30, 2026, Bourns will establish an additional manufacturing site in China for the Model SM91502ALA BMS Transformer. The affected part number is included below.

#### Affected Part Number

[SM91502ALA-E](#)

The additional manufacturing site uses the same design and material as the existing site, and the transformer produced at the additional manufacturing site will meet the same data sheet specifications as the transformer from the existing site.

The form, fit, function, and country of origin of the affected part number will remain the same. Traceability will be maintained through lot code and date code.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

#### Implementation dates are as follows:

Date that deliveries of products manufactured at both manufacturing sites will begin: **June 30, 2026**

First date code using the above changes: **2627**

***Products manufactured at the additional site can be shipped after March 20, 2026 if obtain special approval from customer.***

Orders for the affected part numbers received after June 30, 2026 may be filled interchangeably from the existing manufacturing site or the additional manufacturing site.

*If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).*

Users should verify that the described changes will not impact the performance of the product in their specific applications.
