

Product / Process Change Notification (PCN)

PCN ID#: 437

Title: Magnet Supplier Change (Rare Earth to HREE-Free Material)

Change: Permanent

Honeywell Contact

Name: Aydee Judith Martinez

E-mail: Aydee.Martinez@Honeywell.com

Title: Quality Engineer II

Product Information

Affected parts and revisions:

- HEL-705-U-1-12-00
- SR16C-J6
- SR16C-N
- SR17C-J6

Does the part number change? No

Type of Change: Supplier - Manufacturer

Change Description:

Change of magnet supplier and transition from rare-earth based magnets to HREE-Free (Heavy Rare Earth Element Free) magnets. The new material has been evaluated to ensure compliance with the design requirements and product specifications.

Reason for change:

To support supply chain sustainability, improve material availability, and reduce dependency on heavy rare earth elements while maintaining the required product performance and functionality.

Justification for change:

Engineering validation was completed according to the requirements established by the Design team. The validation results confirmed that the HREE-Free magnets meet the applicable design

specifications and performance requirements. No impact to form, fit, or function is expected for distributor customers.

Product Identification to distinguish the change:

Starting from DC: 2637 all parts received will have this change implemented.

Samples (If required): Not applicable

Change Implementation Date: 9/07/2026

Honeywell is committed to providing you with a superior level of customer service. Please e-mail to contact listed above for additional information regarding this communication.
