

Dear Business Partner and Valued Customer

This is an official change notification for the below parts. JAE has decided to make a **Change to gold plating area**

Reason for the change

In recent years, the continuous rise in gold plating prices and material costs has led to a deterioration in product cost ratios.

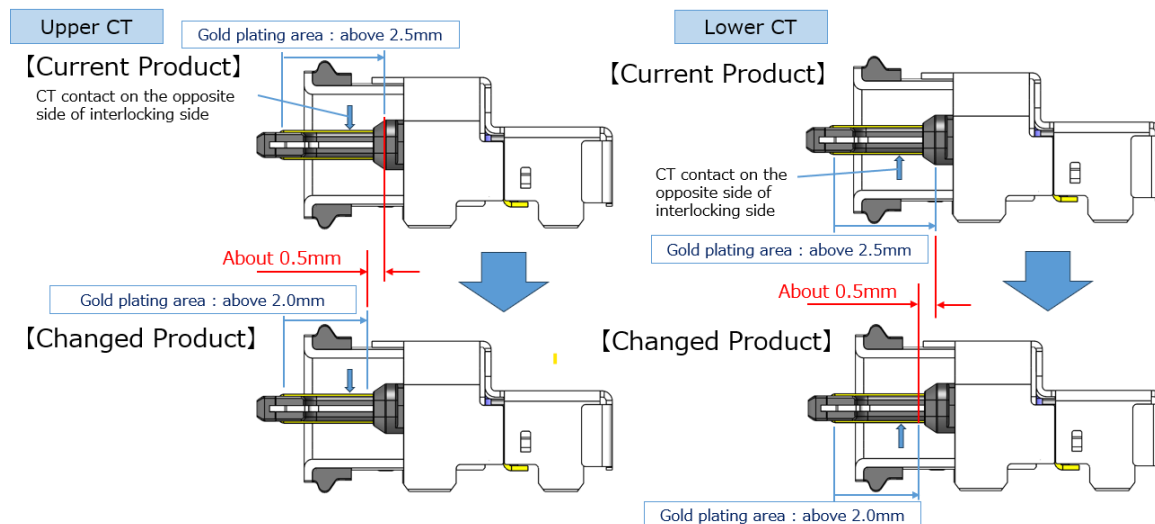

1. Purpose

To avoid increasing product prices and to reduce costs, this change is being implemented.

2. Affected Items

Part Number: **DX07WH24JA3**

Please refer to the following picture, the area of gold plating will be changed within the range that does not affect the contact with the CT contact on the opposite side of interlocking side.

Schedule

Switchover starting Sept 2026

Your Sincerely
Quality Department
