October 05th, 2026

Ref.: PDN2026-02

PDN - End of Life Fast Recovery Diodes Related Products

Detailed Description of Change

The Littelfuse IXYS Power semi team would like to notify you that we'll be phasing out Fast Recovery Diodes related products in multiples product families. The full list of affected part numbers is provided in the attachment to this notice. We sincerely value our business relationship and are committed to ensuring the best possible transition with minimal disruption to your operations. Below are the key details of this End-of-Life (EOL) notification for your planning:

- **Last Time Buy ("LTB") Deadline:** Orders for these EOL products will be accepted until **January 04th, 2027**. We encourage you to review your requirements and place any final orders by this date. No orders will be accepted after this date. These LTB quantities must match the current capacity and lead time of the corresponding products.

- **Final Shipments:** Customers may request delivery schedules for accepted orders within a 12-month window from order placement. However, actual delivery timing may extend beyond this period, depending on manufacturing schedules, capacity constraints, and material availability. Littelfuse will make commercially reasonable efforts to align deliveries with requested schedules.

- **Supply & Order Acceptance:** Please note that supply is limited; while Littelfuse intends to fulfill as many orders as possible, fulfillment cannot be guaranteed due to potential constraints in material supply or factory capacity. All orders will be subject to formal acceptance by Littelfuse. Littelfuse will communicate acceptance of each order through its standard order acknowledgment process after all LTB orders will have been received and the LTB window closed on January 04th, 2027.

- **Order Adjustments:** Littelfuse reserves the right to adjust (push out or cancel) order quantities, in whole or in part, based on supply availability and operational considerations. We will communicate promptly regarding any such adjustments.

- **Order Terms:** All Last-Time Buy orders are Non-Cancelable by Customer, Non-Returnable by Customer and Non-Reschedulable by Customer (NCNR). Once an order is accepted by Littelfuse, it may not be canceled, modified, or rescheduled by the customer.

- **Pricing:** Littelfuse will make commercially reasonable efforts, however, pricing remains subject to confirmation by Littelfuse at the time of order acceptance, particularly considering potential changes in manufacturing or supply conditions. Up to a 100% price increase may be imposed on top of the last adjusted price, subject to market conditions and supply availability.

- **Terms Precedence:** In the event of any conflict between this notice (and Littelfuse's standard terms and conditions of sale) and any customer purchase order or EDI terms, the terms of this notice and Littelfuse's standard terms shall prevail, and Littelfuse hereby expressly rejects any conflicting provisions contained in a customer order or EDI transmission.

Littelfuse, Inc.
8755 West Higgins Road, Suite 500
Chicago, IL 60631 USA
(773) 628-1000

Please, contact your sales representative regarding potential Littelfuse alternatives solutions for discontinued products.

We appreciate your partnership and understanding during this transition. Our team remains available to support your planning and address any questions.

Sincerely,

Pascal Ducluzeau
Transitional Portfolio Manager
