PRODUCT CHANGE NOTICE

Issue Date: Apr 7th, 2026

Dear Valued Customer,
This PCN C0635 notice is to inform you of a product obsolescence that may affect selected items that you have purchased from Littelfuse.

Description of the Change:

Littelfuse will obsolete and no longer support production on attached part numbers.

Reason for The Change:

The legacy products affected by this PCN have been subject to a decline in commercial and delivery support from the vendors supplying unique components featured in these products. Due to the decline in volumes and demand on these parts, it is not feasible for additional investment to identify, qualify, or transition vendors of these unique components, leaving us no option but to announce their obsolescence.

Effective Date of the Change:

This change is effective immediately.

What You Need to Do:

No action is required from you.

If you have any questions, please feel free to contact your Littelfuse Customer Service or Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Cristal Furini

Product Manager
Commercial Vehicle Products
