PCN EIC-1172 Notification of Additional Approved Test Site Usage for CPC5602CTR

Detailed Description of Change

Littelfuse IXYS Integrated Circuits Division (ICD) hereby notifies customers that selected production batches of the affected part number listed below were tested at an alternative, fully approved and qualified test site.

Affected PN List

CPC5602CTR

Testing was conducted using qualified equipment and approved test programs. No impact to product form, fit, function, quality, reliability, electrical characteristics, or datasheet specifications was identified. Test coverage, acceptance criteria, manufacturing controls, and quality practices remained unchanged.

Description	Comment
Raw Material	No change
Assembly Process	No change
TEST Process	Same tester platform. Approved and released test program.
Tape & Reel	No change to blue lock-reel. Alternative test site uses qualified carrier and cover tape.
IC Marking	No change
COO	No change; COO remains Taiwan.
Shipping Label	Change in label size from 4" x 1.5" to 3" x 2"

Part number changes: None

Effective date: immediately

Replacement products: N/A

Last time buy: N/A

Product Identification: this PCN applies for the LOT codes listed below

Lot Number			
G05099	G05102	G05105	G05300
G05100	G05103	G05286	G05304
G05101	G05104	G05325	

The PCN number assigned to this action is **PCN EIC-1172** and must be referenced in any correspondence related to the change.

If you have any questions regarding this PCN or need additional support, please contact your local Littelfuse sales representative.
