4M Change Notice

Resin Molding SMD Type Multilayer Ceramic Capacitors EVA Series

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata. This is the official notification that some of our products' 4M Change will be proceeded as detailed below. Please review this, and confirm that you will expect to receive products after this 4M Change. Your understanding and support are highly appreciated.

1. Product Type, Changes, and Customer/Murata/Alternative Part Numbers:

Product Type: Resin Molding SMD Type Multilayer Ceramic Capacitors EVA Series

Changes: Man Machine Material Method

Before Change	After Change
Halogen-containing HIC	Halogen-free HIC

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

In response to market demand for halogen-free (hereinafter "HF") products, we are working to transition our packaging materials to HF as well. Since the HIC (Humidity Indicator Card) included with the packaging of the affected products contains halogens, we will be switching to an HF HIC.

3. Products Before and After the Change:

This change applies only to the HIC, there are no changes to the product itself. Therefore, this change will not affect the product's quality, specifications, or any other aspects. Please note that some product specifications may include references to the HIC; however, unless there are specific requests, we will not revise the product specifications.

4. Change Schedule:

Production Start in New HIC: Apr., 01, 2027
Last Shipment Date in Current HIC: Jun., 30, 2027
We will begin shipping products with the updated HIC in due course.

5. Contact Window:

Should you have any questions or concerns, please contact Murata Sales, Representative, or Distributor in your area.

6. Request regarding information handling

We kindly request that the information provided by us not be disclosed or shared with third parties, including data base providers or by posting on websites.

Truly Yours. Thank you.

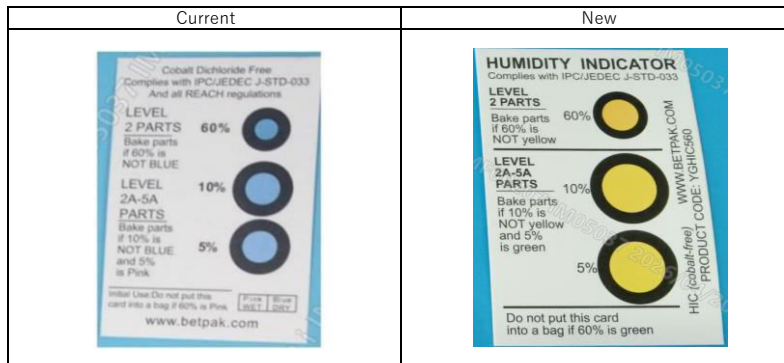

Izumo Murata Manufacturing, Co., Ltd.
