## Product Change Notice #122503

Type of Change:             End of Life                             Material Change  
                                  Facility Change                         Process Change  
                                  Design Change                         Other

Part Series Affected: HS Series

Description of Change: Ohmite is moving manufacturing for all HS part numbers below 200 watts to our facility in Matamoros, Mexico. The Country of Origin for all these products will now reflect MX instead of GB starting on January 1<sup>st</sup>, 2026. There will be no change in backlog orders or pricing with this move.

Reason for Change: Ohmite is better able to increase capacity and control lead times for the HS series in our Matamoros facility. Ohmite products manufactured in Mexico are also classified under USMCA and are not currently subject to tariffs when entering the United States.

Expected Influence on Quality/Reliability/Performance: The HS series quality, reliability, and performance will be unaffected by the change in facility.

Effective Date: 1/1/2026

For further technical questions related to this PCN, please contact [dchakraborty@ohmite.com](mailto:dchakraborty@ohmite.com).

Best Regards,

Joe Misulonas  
Marketing Manager
