

PCN

AO-PCN-2026-064-A

Supplemental source for wafer probe and final test location

01.07.2026

Dear Customer,

please review this **PCN** and provide your feedback in the **Customer approval form** (at the end of this PCN document) to your ams OSRAM sales partner before **15.08.2026**.

Your prompt reply will help ams OSRAM to assure a smooth and well executed transition. If ams OSRAM does not hear from your side by the due date, we will assume your (if you are a Distributor: and your customer's) full acceptance to this proposed change and its implementation.

ams OSRAM understands the time requirements your organization needs to approve this PCN. However, if you can provide ams OSRAM an estimated date your organization will have finalized this PCN review, ams OSRAM can use this date to plan continued production to secure your order needs during the transition time.

Your attention and response to this matter is highly appreciated.

Please direct your inquiries to your local Sales office.

- *) ams OSRAM aligns with the widely recognized JEDEC/ECIA/IPC Joint Standard No. 46, which stipulates:
- Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN.
 - Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change.
 - After acknowledgement, lack of additional response within the 90 day period constitutes acceptance of the change. If the customer requires additional time to perform sample testing, beyond the 90 day review period, an extension must be negotiated with the supplier.

Subject of change: Supplemental source for wafer probe and final test location

Affected products:

515250010	AS1163-AQFT QFN16 LF T&RDP	Q65113A6575
515250041	AS1163-AQFM QFN16 LF T&RDP	Q65113A9863
515250038	AS1163B-AQFT QFN16 LF T&RDP	Q65113A9390
515250042	AS1163B-AQFM QFN16 LF T&RDP	Q65113A9901

Reason for change:

ams-OSRAM AG is taking proactive steps to enhance our supply chain resilience and flexibility. As part of this initiative, we are adding our internal test floor at ams Asia Inc. in the Philippines as a supplemental source for the wafer probe and final test location of affected Products*

Description of change:Current status

Wafer probe and final test location at ams-Osram AG FabB Premstätten

New status

Wafer probe and final test location at ams-Osram AG FabB Premstätten & ams Asia Inc Philippines**

Time schedule for PCN material:
(after implementation):

Final qualification report: Q4 2026

Samples available: upon request***

Intended Start of delivery****:

Assessment:

There will be no changes in terms of form, fit, function, quality or reliability

Note:

PCN material: Products with implementation of the changes as described in the PCN.

* The tester HW used is the same in both locations, hence the transfer of the test program has very limited risk

**ams-Osram has been running test and wafer probe processes with ~600K tester hours per year over 330 employees in ams Asia since 10+ years. It is ISO 9001, ESD/ANSI certified (QM system, 5S, CIP, cleanroom class of 10k,...).

***samples will be available 3 months after customer request

****Depending on demand development, customer release procedure and customer PCN acceptance
