

Preliminary PCN

AO-PCN-2026-003-P

SFH 5721 Filter Fab Transfer

16.03.2025

Dear Customer,

please review this **Preliminary PCN** and provide your feedback in the **Customer approval form** (at the end of this PCN document) to your ams OSRAM sales partner.

This Preliminary PCN is intended

- to inform our customers about upcoming important product / process changes – upfront of the corresponding final PCN.
- to provide to our customer the background of the intended change and the qualification plan (if applicable).
- **to get feedback on specific customer requirements** at an early stage.

The corresponding **Final PCN** with number “AO-PCN-2026-003-P” is scheduled to be published on **May 2026**. Please take note, that PCN approval is only needed for the final PCN.

Your attention and response to this matter is highly appreciated.

Please direct your inquiries to your local Sales office.

Subject of change: Filter Site Transfer

Affected products: SFH 5721 Daidalos

Reason for change: The current filter fab decided to exit the business, thus a new filter fab needs to be qualified.

Current status

The filter fab is in Taiwan.

New status

The new filter fab will now be in-house in Austria plant.

Description of change:

Note: The in-house filter fab in Austria was qualified many years ago and has been used for numerous ams-OSRAM sensor products. Thus, the filter fab transfer to this plant is considered as low risk.

Product identification: Date Code

Intended final PCN publication:

May 15, 2026

Time schedule for PCN material:
(after implementation of change):

Final qualification completion:

April 30, 2026

Sample availability:

May 2026

Note:

Pre-PCN material: Products of current status, means before implementation of the changes as described in the PCN.

PCN material: Products with implementation of the changes as described in the PCN.
