Ref. No.:	FCAI-RLPCN-20260918-01
TOTAL PAGES (INCLUDING THIS PAGE):	3
SUBJECT :	PCN - JS Relay (MFCL factory) Adapting Alternate Plastic Material for BCP

1. Summary:

FCL Component Ltd (FCL) would like to inform adapting alternative plastic material for the JS series relays product which is produce in the Miyazaki FCL Components Ltd (MFCL [Miyazaki, Japan]).

2. Affected Part Numbers:

Please refer to section 5, on page 3, for the complete list of the target JS series relays.

3. Schedule (Plan):

From March 2027 production onward.

(Continue to the next page for Section 4)

4. Description of the plan:

Change details:

- Target plastic molded part is used inside of the Relay enclosure; the new plastic material is going to be adopted parallelly with current plastic material.
- New plastic compound and characteristics are the same as current ones. Only the difference is visual color of plastic that will be changed to Black.
- We have confirmed new material-based Relay's specification/characteristics, and capability for safety standard compliance are the same as current Relay. No change.
- Relays will be manufactured under combination of piece parts shown as below table.

- Manufacturing may be mixed with current and newly added plastic material by the time of production. And each shipment may have chance to contain mixed material lot.
- This change is not applicable for JS Relay with suffix "-X" AUDIX Xiamen (China) manufacturing process.

Reason for change:

For the purpose of BCP (Business Continuity Plan) point of view.

PCN or PTN	PCN
KFAI PCN/PTN Number	2026-FCL-008
Supplier PCN/PTN Number	FCAI-RLPCN-20260918-01
Supplier	FCL Components Ltd
Customer	(Multiple)
Part Number Affected	(Multiple - See the notification)
Date of Notification	10/05/2026
Last Time Buy Date	N/A
Last Time Buy Shipment	N/A
KFAI Sales Manager/Director	Akio Nezu
Customer Contact/email	(Per notification email)

Customer Comment: _____

Customer Signature: _____

PCN will follow the following timing:

- Customer(s) shall acknowledge receipt within 30 days after receiving the document
- Any concerns, sample order request or further information should be submitted within 30 days
- If additional time is required to determine if samples or additional data is required, the customer must submit this request along with the acknowledgement response and state when they expect to complete review
- Lack of acknowledgement within 30 days constitutes acceptance of the change
- After acknowledgement, lack of additional response within the 90 period constitutes acceptance of the change. If the customer requires additional time to perform sample testing beyond the 90 day period, an extension must be negotiated.

PTN will follow the following timing:

- Supplier to provide PTN to the customer(s) allowing a minimum of 6 months from the notice to place the final orders (last order date) and 12 months from the notice of the final shipment (last ship date).
- Lack of acknowledgment constitutes acceptance
