**DESCRIPTION OF CHANGE: (Required)**

Panduit is implementing a running change to the Mini-Com® corrosion-resistant jacks while maintaining Panduit’s trusted performance and quality. The gel inside the jacks will have an amber-colored tint for jacks manufactured after 1st January, 2026. This update does not alter the functionality or performance of the product - Mini-Com jacks will continue to deliver the same best-in-class quality and performance customers expect. The jacks will begin entering inventory in Q1 2026, and customers may see mixed inventory during the transition period.
