

Product / Process Change Information (PCI)

1. ID No.: M460		2. Date of announcement: Oct. 17th 2025	
3. Product / product group: Qualcomm® RF Front End (RFFE) filters			
Old ordering code: All RF360 Products	New ordering code: All RF360 Products	Customer part number: All RF360 Products	
<p>4. Description of change:</p> <p>Introduction of an additional shipping label (barcode origin label) for customs purposes. Two cases to be differentiated as follows:</p> <p>A) for single-die products: stating the Country of fabrication (COF) and the Country of assembly (COA) on the new barcode origin label located on the shipping box and showing COF & COA on the accompanying shipping documents.</p> <p>B) for multi-die products: stating the Country of Origin (COO) on the new barcode origin label located on the shipping box and showing COO on the accompanying shipping documents.</p> <p>In general, the former comment of country of origin (COO) on product labels on reels, inner carton boxes, or vacuum bags (MBB) will be removed.</p>			
<p>5. Effect on the product or for the customer (benefit / quality, specification, lead time):</p> <p>No impact on product quality, product specification, or customer-specific labels. This new shipping label is triggered by recent customs- and tariff-related developments in relevant jurisdictions.</p>			
<p>6. Quality assurance measures / risk assessment:</p> <p>None</p>			
7. Scheduled date of change: November 17 th 2025			
<p>8. Estimated date of first delivery of changed product: November 17th 2025</p> <p>For an interim period, we cannot rule out that old as well as new labels will be shipped.</p>
