

Product Change Notification

Changes to manufacturing location

05th February 2026

Dear Customers,

In order to streamline our supply chain we decided to transfer the production of part numbers: 5914680-3-S0-4-H, 5914680-4-S0-4-H, 5914736-3-S0-4-H and 5914736-4-S0-4-H from our manufacturing site in Tijuana, Mexico, to our facility located in Germany. As a first step, we will transfer the existing finished goods inventory from Mexico to Germany, where operations will be completed. The subsequent phase will involve the full localization of supply chain activities and final assembly in Germany. Please be assured that this change is intended to enhance operational performance, with no impact on product form, fit or function.

Should you have any questions regarding this change, please do not hesitate to contact our local Smiths Interconnect's representative.

Best regards,

Joydip Sanyal
