

PRODUCT LIFECYCLE BULLETIN

Modular HMV Series

22nd July'25

Dear Customers and Partners,

This bulletin provides an overview of the lifecycle for the modular HMV Series connector.

The lifecycle of this series is changing from **Active** to **Obsolete**, meaning all parts outlined in Schedule A, will no longer be available after all last-time-buy (LTB) orders have been delivered.

We are offering our Customers and Partners an opportunity for a last-time-buy (LTB) for parts in Schedule A, purchase order (PO) for which must be placed by **28th November 2025**. Please note that all price books which include part numbers from HMV series connector will be invalid with immediate effect. So, for LTB, please send your request for quote (RFQ) to your usual contacts in Sales or Customer Service.

Please note that while we will endeavour to support all our Customers and Partners for the LTB, this offer is subject to availability of parts and components and to that end Smiths Interconnect reserves the right to cancel or materially amend the offer.

If you have any questions or require any clarification, please do not hesitate to contact our local Sales representatives.
