PRODUCT LIFECYCLE BULLETIN

KFT Series

01 October 2026

Dear Customers and Partners,

This bulletin provides an overview of the lifecycle status for the KFT series.

Due to declined customer demand, the lifecycle of all parts beginning with “KFT” (for example, KFT050BED11TABH, KFT100BPD00TBH, and KFT120BED00TABH) is changing from **Active** to **Obsolete**, meaning all parts and components with its bill of materials will no longer be available after all last-time buy (LTB) orders are delivered.

We are offering our Customers and Partners an opportunity for a last-time-buy (LTB) purchase order (PO) for which must be placed by **01 January 2027**.

Please note that while we will endeavor to support all our Customers and Partners for the LTB, this offer is subject to availability of parts and components.

Please note that all KFT parts included in price books will be invalid with immediate effect.

If you have any questions or require any clarification, please do not hesitate to contact our local sales representatives.
