Information Note
Replacement of EPCOS Brand on TDK Electronics Products

About 17 years after the merger of TDK and EPCOS, we have decided to discontinue the use of the EPCOS brand for passive components and sensors and to change the marking of products that still use the EPCOS brand. These changes apply to all EPCOS marked products except those that are to be phased out.

Depending on product size and technical requirements, the following branding/marking apply:

Marking Description	Branding	Products
Large products: Original TDK brand	TDK TDK	
Smaller products: TDK logotype	TDK TDK	
Smaller products (alternative): Letters TDK in Arial font	TDK TDK TDK	
Specific products or requirements: Only technical data	No brand	
Very small products: No marking	No brand	

The implementation of all changes will start in April 2026. During a transition period, products can be delivered with the current EPCOS marking or the new TDK marking. Goods in stock will continue to be delivered with the unchanged EPCOS marking.
