Change Detail	
<b>Description of Change</b>	Products Obsolete.
<b>Reason for Change</b>	Product obsolescence due to obsolescence of the source semiconductor die material by the supplier. Due to low sales and no alternative die and therefore no alternative products are available.
<b>Implementation Plan</b>	Obsolete with immediate effect due to no die stock available.
<b>Customer Impact</b>	Impact is expected to be low. Impact to customers/end-users could be high where products are designed into qualified systems / sub-systems in Hi-Rel applications.
<b>Recommendations</b>	Customers consider their future demand requirements and discuss with TT sales. Any new demand will need to be considered as part of a new product introduction project.
<b>Availability of Previously Manufactured Product</b>	None stock available.
<b>Availability of Approval Samples</b>	Not Applicable
