Notification of Obsolescence: Straight-Pin Standoff Terminal Aluminum E-Cap

E-Cap PN's with Straight-Pin Standoff Terminals (terminal code VQ) will be made obsolete. The VQ type is a legacy style that is no longer supportable by production equipment.

Example: E91D401VQT122MB63U

Schedule of the change

Last time buy orders should be received by September 30th, 2026. Last production date will be March 31st, 2027.

Sincerely,

Mitchell Weaver
VP Sales and Marketing
United Chemi-Con

Dear TTI Team

We apologize for the sudden notice.

Please be informed that our VQT terminal products will be EOL.

Please find the attached EOL notification document for details.

The final order date will be set as September 2026, and the final shipment date as March 2027.

The items are listed below.

We apologize for the abrupt notice and sincerely appreciate your understanding and cooperation.

Thank you!
