Customer Information Notification

CN-202608010I

Issue date: 16 Sep 2026

Effective date: 16 Sep 2026

Dear pcn@ttiinc.com,

Here's your personalized quality information concerning products our customers and partners purchased from Nexperia B.V.

For more details please contact your respective Nexperia B.V. CSR/AM.

Notification of Change Implementation on PCN CN-202505034F

Notification information

This notification may also reach customers who have already completed this transition. If you have already transitioned to the automotive-qualified version, please disregard this message.

Furthermore, the affected portfolio includes products for which Nexperia B.V. is currently qualifying an additional assembly site.

New datasheets for the Q-portfolio products are available on nexperia.com. The updated datasheets for the standard products are currently in the process

of being published and will become available on nexperia.com upon CIN effective date.

Why do we issue this notification?

To inform customers of standard products that the automotive qualification status will be removed as of the effective date. To inform customers who need automotive qualified products about the change of the type-number and the 12NC (ordering code). If required, customers must change their orderbook to the related Q-parts. In rare cases not all packing variants are available as Q-part. Then the default packing variant needs to be used (e.g., order code ending -115).

Management summary

Notification of Change Implementation on PCN CN-202505034F

Identification of affected products

Products of the new Q-Portfolio can be identified by new type number and new 12NC order code. The marking on the product is unchanged.

Impact

No impact to the product's functionality anticipated

Data sheet revision

A new datasheet will be issued
