Location: Singapore

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: **(Text limited to 120 characters)**
RNF-100 (Black and Colored Versions) VERSAFIT RP-4800

General Description of Changes
Reinstatement of Mil-Spec qualification for selected TE Connectivity heat-shrink tubing products specifically RNF-100 (Black and Colored), VERSAFIT, and RP-4800 following NAVAIR approval of a supplier-directed manufacturing location change. This PCN serves as an update to PCN-26-283716, which had communicated a temporary suspension of Mil-Spec approvals. There is no change to the form, fit, or function (FFF) of the affected products.Note: CRN (Black) and TAT-125 remain on hold under a separate restriction (PCN-26-283718) related to China-origin raw materials, which is addressed independently.

Reason for Changes:
The temporary Mil-Spec restriction was imposed due to a supplier-directed manufacturing location change that required formal regulatory review before Mil-Spec qualified production and shipments will resume. NAVAIR has reviewed and approved the manufacturing location change, enabling the reinstatement of Mil-Spec certification for the three affected product families.
