Location: Fort Worth

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Coupling ring used in GED Circular Connectors.

Description of Changes

Manufacturing location change for metallic Coupling ring from an external supplier to an internal (insource) manufacturing process. The product will now be produced within TE s controlled manufacturing facilities. The following risk mitigation measures have been implemented to assure a seamless and successful relocation. -Zero Production Process Changes -Low Risk Production Equipment Move

Reason for Changes:

Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about a transfer of tools and/or processes. The transfer is executed by following a strict transfer procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location is under a certified quality management system according the standard industry requirements. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance.
