Change Description

Type of Change	Design	Manufacturing location change	Capacity Enhancements	Others (specify);
		X		

Description of Changes	This product Change Notification (PCN) is to inform about Manufacturing Location Change impacting PNs listed in the PCN, from TE **Supplier** to TE **Kurim,** according to VDA trigger matrix no. 29 and AIAG section 3.1 item 4. The change has no impact to form-fit-function. TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE, including product validation as per OEM/CAM requirements (when applicable). Validation will be initiated and completed according to project plan, as soon as samples are available. PPAP/ PPA and samples will be prepared (as per agreements between the two parties). A request via www.te.com needs to be initiated by Customer within 2 weeks after the creation date of this PCN. In case no request is obtained till above mentioned date, PPAP/ PPA will be considered as approved, and the change is considered as fully released. Please use below link for samples: Samples PPAP Requests | TE Connectivity.
Reason for Changes	As a result of a thorough analysis of demand picture, matching our customer needs, we are going to optimize value stream of PNs in scope of this PCN. This transfer will support the need of our customers for shorter lead-times and optimized value streams.
Risk Assessment	TE performs an internal risk assessment and defines actions to mitigate the pre-identified risks before any planned changes to part and process.

Impact to Fit Form Function	Yes	No

Change Management Process Description and Status

1. ***Change Notification (PCN):*** *A formal communication from TE to the customer indicating an upcoming change.*
2. ***PPAP/PPA and Samples Request:*** *The customer must request PPAP/PPA and samples within two weeks of the notification date.*
   Please confirm whether PPAP/PPA and samples are required at this stage.
   Contact your TE Sales representative within two weeks of receiving the Change Notification.
   Submit your samples request at: Samples PPAP Requests | TE Connectivity.
3. ***Change Implementation:*** *TE conducts internal processes to execute the change.*
4. ***PPAP/PPA Package Preparation:*** *TE begins preparing the PPAP/PPA packages. The customer will receive an automated notification from the www.te.com ePPAP system.*
5. ***PPAP/PPA Submission:*** *The PPAP request is made available and submitted to the customer. Samples will be provided if applicable.*
   Following submission, please provide approval within four weeks. If approval is not received within this timeframe, TE will proceed with the change to avoid delivery delays.

Validation Scope - Details

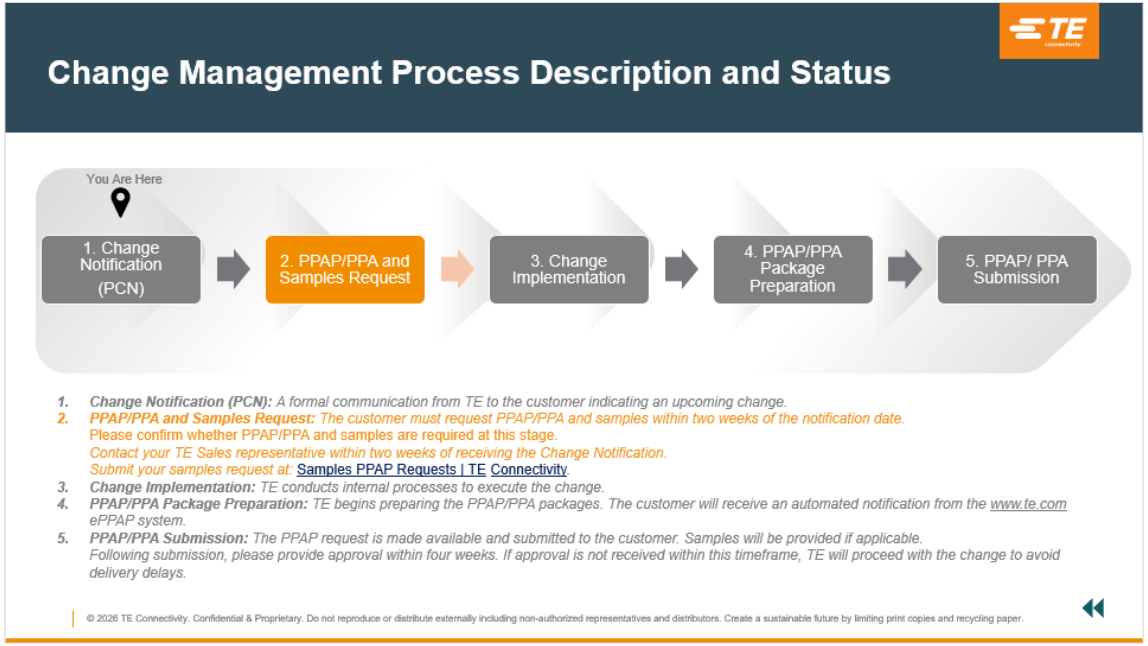

The change follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products, including internal release and product validation as per OEM/CAM requirements, where applicable. The TE manufacturing locations operate under a certified quality management system in accordance with defined requirements.
In case of changes impacting product families, and PPAP is required, TE will provide a family PPAP. This will be based on a representative part-number of the family and will approve all part-numbers impacted by the mentioned change. Samples will be available to high runners upon request.
