TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Packaging label change to enhance traceability.

Description of Changes

To enhance the traceability of Plug products and prevent discrepancies between product labels and outer carton labels, we have optimized the labeling on the inner packaging bags and added a barcode to link the inner and outer labels, thereby ensuring consistency. This change applies only to the inner packaging label; the packaging method and quantity remain unchanged, and the update applies exclusively to TE products. It does not affect the outer carton label, nor does it alter the product's dimensions, structure, or functionality.
