TE Connectivity

Product Change Notification: P-26-031160

PCN Date: 25-AUG-26

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Multiple Parts Numbers

Description of Changes

We are validating a tool replacement for 2x4 GET Spacer (PN 5-1419161-6) and insource the production of this item from the outside vendor supplier to TE Empalme.

Reason for Changes:

Product improvement. The existing mold was already planned to be insourced from outside vendor to EMP (where the FG assembly is located). However, we identified an opportunity to replace the existing tool. A new 16-cavity replacement tool will be built and run at TE Empalme. This replacement tool will help mitigate supply chain risks for TE and our customers. The replacement is applicable only at the component level, with no change to the FG assembly. No change in the final product manufacturing or shipping location. There will be no change to the form, fit, or function of the component or finished goods.

Estimated Dates:

Last Order Date (Obsolete Parts Only):

First Date To Ship (Changed Parts Only):

30-NOV-2026

Last Ship Date (Obsolete Parts Only):

Last Date for Mixed Shipments: (Changed Parts Only):

No Mixed Shipments
