Reason for Changes:

Product improvement.To support capacity optimization and accommodate increasing market demand, TE Connectivity plans to implement a packaging change for the affected products, transitioning from tray packaging to bulk packaging. A comprehensive reliability validation has been completed, and the results confirm that the new packaging configuration fully meets customer application, performance, and quality requirements. This packaging change is applicable only to products manufactured in China and will affect only those products shipped within the China region. Products supplied to other global regions will remain unchanged and will not be impacted by this modification. This change does not alter the product design, material composition, form, fit, function, or performance characteristics. We appreciate your continued support and cooperation. Should you have any questions regarding this change, please contact your TE Connectivity
