

Product Change Notification

Current Date: 14-Oct-2026

TE Connectivity

Product Change Notification: P-26-031593

PCN Date: 28-SEP-26

Customer: TTI Inc (168830)

Location: Fort Worth

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

GEMnet 6P Header

Description of Changes

Transition the semi-automatic assembly line to a fully automated line to significantly improve production efficiency by reducing cycle time from 8.0s to 2.8s and operators from 6 to 2, while keeping the existing assembly process flow and product testing requirements unchanged.

Other attachments:

[assembly line Comparison](#)

Reason for Changes:

Product improvement. Transition the semi-automatic assembly line to a fully automated line to significantly improve production efficiency by reducing cycle time from 8.0s to 2.8s and operators from 6 to 2, while keeping the existing assembly process flow and product testing requirements unchanged.
